## ARTESIA 2018

Single Malt Whisky – 50%, 700ml

340 bottles produced

The creation of the TOS distillery in 2017 remains closely linked to the much earlier launch of the Saint-Germain brewery. Founded in 2003 by Stéphane Bogaert, Vincent Bogaert and Hervé Descamps, the brewery helped the 3 men to develop an excellent know-how in brewing and fermentation, two key stages in the production of whisky. This knowledge proved to be a major asset when the team decided to embark on the adventure of distillation. They bought a small Holstein column still and distilled a brew of Pilsen malt, using locally grown barley and long fermentations. Three years later, the whisky of the TOS distillery takes the name of the region where it was created: in Latin, the former county of Artois is called ARTESIA. Fruity and exotic, Artesia 2018 is a blend of very lightly peated Pilsen malts. Aged in ex-Bourbon casks, this whisky is highlighted by exotic fruits and also reveals a slightly smoky note.

**Profile:** Rich and fruity.

**Nose:** Pineapple, yuzu, cereal bread, hint of smoke, back pepper.

**Palate:** Persimmon, juicy pear, mint, vanilla pudding, white pepper.

**Finish:** Dried fruits, cereals, smoke.
